DIMMING
RC TRIAC

IP
IP20

FLUX
563 LM

POWER SUPPLY
230 V 50 Hz

BEAM ANGLE
60°

Series Tonic Z

SUSPENDED

The new Tonic series is another luminarie project of the Formfjord studio based in Berlin. The series fits into the design studio style. Like the Reel and Telescope series, it uses simple, geometric shapes and delicate form to give the luminaires a strong and distinctive character. The Tonic series is designed so as to fit well in any type of interior. You can use it to easily create a spectacular lighting for your restaurant, bar, hotel and home. Thanks to the Sunlike diodes and dimming options, it can be used for night-time room lighting.

Supplementary lighting, spot lighting with a wide range of applications: restaurants, bars, hotels, apartments.
