Series Backlight+ K

WALL MOUNTED

Backlight+ K is wall mounted lamp providing a very-interesting lighting effect while remaining simple and pure in terms of design. Reflected light does not dominate the interior, while illuminating it with a pleasant glow. The luminaire works perfectly as a source of decorative light or accent lighting for paintings. Backlight+ light fittings are available in lengths tailored to the standard width of bed frames. Spotlights at the ends will illuminate your book reading in the evening.

Ideally complements bedrooms, living rooms or corridors both at home and in the office, club, gallery or hotel.
