## Series MFlask K

WALL MOUNTED

The minimalist MFlask family features subtle proportions, modern design and an LED source with full spectrum CRI98 sunlight - SUNLIGHT. The MFlask series includes, among others, different types of wall lamps. MFlask K DIM is a surface-mounted wall lamp with a base 35 mm high and 90 mm in diameter. The luminaire comes in two light colors 2700 and 3000 K as standard with SUNLIGHT LED and DIM switch.
