Series MFlask S K

WALL MOUNTED

The minimalist MFlask family features subtle proportions, modern design and an LED source with full spectrum CRI98 sunlight - SUNLIGHT. MFlask S K DIM is a wall lamp with a flat base (12 mm high, 90 mm diameter) designed for wall mounting. The luminaires are sold with a power supply connected to an electrical outlet. A solution for those who do not have a power outlet on the wall. Luminaire in two light colors 2700 and 3000 K as standard with SUNLIGHT LED and DIM switch.
